

Tutor Position for CAD/TD for Aerospace Engineers

The TUM Hyperloop Program at the Technical University of Munich is looking for motivated student tutors to support our team for lecture and exercise classes, and assignments of the CAD/TD for Aerospace Engineers.

Your Responsibilities

- Support the group in the preparation of lectures, exercises, and assignments
- Assist students during exercises and support their learning process in SolidWorks
- Contribute to the preparation and coordination of teaching responsibilities
- Correct student assignments according to internally established assessment criteria
- Contribute ideas and feedback for the continuous improvement of the CAD/TD course

Your Profile

- You are enrolled in Aerospace Engineering and have successfully completed the CAD/TD course in previous years
- You are familiar with SolidWorks (Part Design, Assembly, Technical Drawings)
- You are available to work on-site in Ottobrunn
- You work independently, in a structured way, and enjoy contact with students

What we offer

- First-hand experience in the management of a teaching project
- HiWi contract
- Valuable teaching experience through direct interaction with students and supporting their academic development
- The opportunity to become part of the TUM Hyperloop Team – a dynamic and young team, flat hierarchies, and significant opportunities to take initiative and assume responsibility

Contact

If you are interested in working in our team, please send your application, including a short motivation letter and relevant supporting documents, to Oliver Kleikemper (oliver.kleikemper@tum.de). If you have any questions, do not hesitate to contact us.
