

The Technical University of Munich TUM, together with its affiliated institute UnternehmerTUM GmbH, promotes tech-based spin-offs from science that target the major economic and social issues of the future. The promotion and support of start-ups are firmly anchored basic principles at all levels of the university and are systematically implemented. An important component of our entrepreneurship offerings is the Think.Make.Start. (TMS, www.tms.tum.de). TMS serves to raise entrepreneurial awareness among students of all disciplines at TUM.

THINK. MAKE. START.

💡 Our 20 Anniversary batch is coming up!

⚙️ To celebrate this, we need some extra help in marketing.

🚀 Do you want to be part of TMS?

👉 Apply as a Community Outreach Coordinator now!

You will be part of the TMS Project management, starting asap until end of April (optional extension till end of next semester)

- Preparation of all marketing measures before next batch, including poster design, social media and website
- Daily dose of marketing during the batch – between 21st March- 4th April 2025
- Wrap up of batch 20 and preparation for next batch

Application until 15th November via info.tms@tum.de

We are looking forward to receiving your application,

your TMS Crew
